VERMES Microdispensing announces expansion in Korea with opening of new entity

VERMES Microdispensing, the renowned supplier of innovative microdispensing concepts and systems for adhesives, silicones, greases, solvents and other fluids, today announced its new premises, VERMES Microdispensing Ltd. in South Korea, Seoul area. With this move the German-based company continues to follow its strategy of growing its presence in the Asian markets.

“After almost two decades of successful business corporation with our local partner company we

have decided to establish our own subsidiary in East Asia. The new corporation VERMES Microdispensing Ltd., Korea gives us the opportunity to intensify relationships in this well-established high-tech market,” said Juergen Staedtler, CEO and Managing Director of VERMES Microdispensing GmbH.

The advantages of the new premises are manifold, from a highly dedicated and specialized team capable of providing technical and business

consultancy including local product stock and original spare parts to compound sales and post-sales services and support.

“The opening of the new Korean office in the vicinity of the Seoul airport will bring us closer to our customers and enable a fast supply of microdispensing technology to the electronics and automotive industries located in East Asia,” added Juergen Staedtler.

VERMES Microdispensing Ltd. Korea is led by Mr. Richard Yang who was appointed as the CEO and President of the new company.

“Korea is a major technology hub for high-tech manufacturing. We are convinced that the new VERMES Microdispensing Ltd. in the Seoul area will increase the footprint of VERMES Microdispensing in Korea and result in a higher level of customer focus and the ability to provide urgent response when needed. It will improve the ability to cater to customers with demanding and unique microdispensing requirements,” stated Richard Yang, CEO of VERMES Microdispensing Ltd., Korea.
